

2025 Prox Brackets

- Due to vendor supply issues, flush box proximity sensor 77998 is no longer available.
- Prox sensor 77998-1 replaces it, but new brackets are needed. Use the following slides to determine which parts are needed.

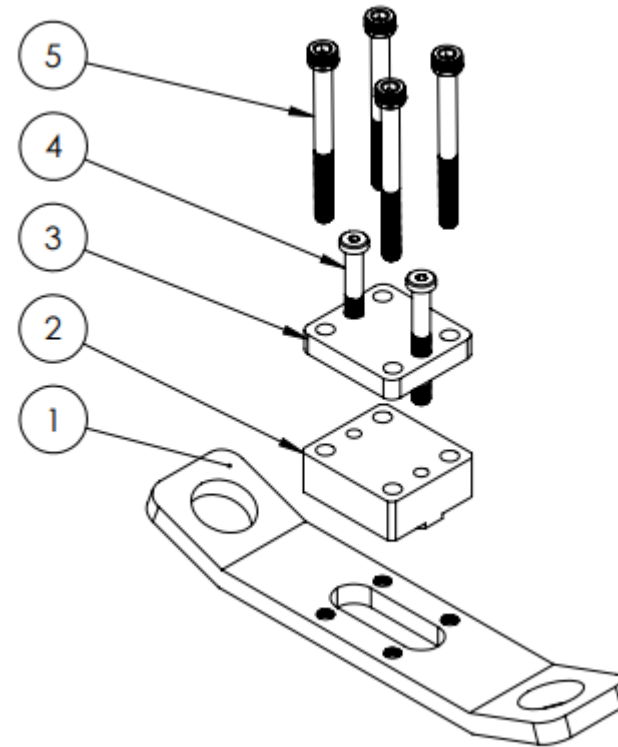

B & C-series parts

- B20 & B20HP – Flush box unaffected, no new brackets needed.
- For B50, B50HP, B50G, B70, B50HPS, B70HPS and all C-series:
 - 90861 bracket replaces 86006, QTY 1 piece needed per pump
- Gap distance:
 - 1/8" for B50, B50HP, B50G, B70, C50HP, C50S
 - 6mm for B50HPS, B70HPS, C50SS, C70SS, & C90

BW10383-KIT FOR A40HP & M30

- Starting in early 2024 bracket design incorporated a new position locking mechanism. For 2024+ A40HP & M30 pumps, only BW10383-1 and screws are needed. For earlier pumps use BW10383-KIT.
- Use gap distance of 1/8"
